4 Weeks	£480	£400	£320

If you'd like to hire a bike hire for a specific number of days, e.g. A Trek Rail 9 for 2 Weeks and 3 Days,

use the following Formula:

$(\text{Full Day price} \times 0.15) \times (\text{The number of additional Days}) + \text{The Week price}$

$((60 \times 0.15) \times 3) + 330 = £357$
